

Red-Strangers Course Outline

Class 1:	Introduction to Strangers.....	1
	Objectives: Students will define strangers as people they do not know.	
	Students will acknowledge that all strangers are not bad.	
	Students will identify strangers who they have contact with in their daily lives.	
Class 2:	Safety with Strangers.....	9
	Objectives: Students will identify three techniques to maintain appropriate boundaries with strangers.	
	Students will demonstrate (through role-play) how to maintain appropriate boundaries with strangers.	
Class 3:	Good Guys vs. Bad Guys.....	17
	Objectives: Students will acknowledge that they cannot identify a bad stranger by the way a person looks.	
	Students will identify bad strangers as strangers that do not listen to them.	
Class 4:	Get Loud and Move Toward the Crowd.....	26
	Objectives: Students will practice one strategy in responding to “bad strangers”.	
Class 5:	Public vs. Private Information.....	34
	Objectives: Students will identify at least three examples of public statements and information.	
	Students will identify at least three examples of private information.
